## National Archery Tourney Opens Monday

### Fred Bear's \$5000.00 Money Shoot Aug. 1st, To Draw Crowd Near 5000

A "first" in the history of field archery will take place next Friday, August 1, when the top champions of the country will battle it out over a course designed especially for this event.

In putting up a \$5,000 purse for this tournament, Fred Bear is investing in an experiment to determine

#### THINGS TO DO

**Saturday through Friday**  
Two 20 target practice ranges and three dimensional roving range south of headquarters area. Also practice butts.

**Sunday — All Day**  
All headquarters area activities open until 11:00 p. m. Registration until 9:00 p. m.

**Monday**  
10:00 a. m. Welcome address, Brig. Gen. Ronald D. McDonald, Michigan National Guard, and Mr. Gerald E. Eddy, Director of Michigan Dept. of Conservation. First instructions by Karl Palmer.

11:00 a. m. Official Picture. Those wishing club or state pictures contact Gregg Smith before 9 a. m. at headquarters building for appointment.  
9:00 p. m. Water ski show at beach near camp.

**Tuesday — All Day**  
Free boat rides and water ski lessons: Michigan Marine Co.  
7:30 p. m. Water ski exhibition.

**Wednesday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Thursday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Friday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Saturday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Sunday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Monday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Tuesday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Wednesday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Thursday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Friday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Saturday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Sunday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Monday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Tuesday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Wednesday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Thursday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Friday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Saturday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Sunday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Monday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Tuesday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

**Wednesday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

7:30 p. m. Exhibition of Archery Champions.

**Thursday — All Day**  
Free boat rides and water ski lessons, Michigan Marine Co.  
7:30 p. m. Exhibition of Archery Champions.

### Bishop To Bless Grayling Hospital Monday, July 27

Bishop Allen J. Babcock

Bishop Allen J. Babcock will bless the new million dollar Mercy Hospital here Sunday afternoon, July 27th.

Preceding the dedication, to take place at 3 p. m., an open-house will be held, starting at 1 p. m. It is announced by Sister M. Marjette, R.S.M., superintendent.

Cornerstone of the structure was blessed last August and the hospital has been in use since before last Christmas.

The building, which contains 50 beds, was financed one-third by public subscription, more than 50 per cent by the federal government and the balance by the Sisters of Mercy.

### James McDonnell Dies In Saginaw

Funeral services were held from the Michelson Memorial Church at 2 p. m. Monday afternoon for James A. McDonnell, Postmaster James A. McDonnell who passed away at the home of his daughter in Saginaw at 6 a. m. last Friday morning.

Rev. R. C. Puffer conducted the services and interment was in Elmwood Cemetery. Serving as pall bearers were: James Post, Jerome Kessler, Robert Sorenson, Carl Doroh, Howard Bunker and Wilson Gierke all postal employees of the Grayling office.

Surviving are two daughters, Mrs. Paul Holmgren of Saginaw and Mrs. Joseph Dingman of Detroit; three sons, Clayton, of Freehold, Herbert, of Traverse City, and Lawrence, of Columbus, O.; 15 grandchildren; and six great grandchildren.

Memorial services were held Sunday afternoon at 3 o'clock at the Harold Cederberg Funeral Home in Saginaw. The Rev. Ward A. Klops officiated.

Following the rites at Saginaw the body was taken Monday morning to the Michelson Memorial church.

Mr. McDonnell was born May 21, 1891, at Antrim, Mich. He was married to the former Sylvia Ann Goss in Kawkawlin in 1928. She died several years ago.

Mr. McDonnell first came to Grayling in 1916. He was a former resident of Bay City and for three years was the proprietor of a grocery store there. When he sold the store he became interested in the lumber business, for which he was a dealer some time. When he came to Grayling he found employment at the DuPont plant, which was just beginning to operate, working there until the plant closed.

To Mr. McDonnell goes the credit for establishing the first creamery that Grayling ever had, located where the Sorenson Funeral Home now stands. He later went into the chicken business, establishing a poultry farm on the north edge of town and operating it successfully for some time. In 1934 Mr. McDonnell financed a peanut process plant at Muskegon. In January of 1935 he was appointed temporary Postmaster to succeed M. A. Bates, and in July of 1935 the appointment was made permanent.

He held that position until January 21, 1950 when he retired. Since then he had spent much time in Newport Richey, Florida and with his daughter in Saginaw. He held several local public offices prior to becoming Postmaster. He was a member and a former officer of the Retired Postmasters' Association and was a charter member of the Kiwanis Club of Grayling.

### O. E. S. PLANS POTLUCK DINNER

The O. E. S. is planning a potluck dinner at the Masonic Temple Saturday night, August 2nd, at 6:30, to honor all past Patrons and Matrons. Everyone is asked to bring a dish to pass, and their own table service. The chapter is furnishing coffee, rolls, and ice cream.

### Report States Plant Doing Excellent Job

The mobile testing unit of the Michigan Department of Health completed its survey of the Grayling municipal sewage treatment plant in June and the report has been received by City Manager Russell Carlson.

Two twenty-four hour periods were utilized in the study of the plant. Around the clock checks were made on June 9 and June 13. The report states, "From a purely public health standpoint the Grayling sewage treatment plant is doing an excellent job."

The plant was designed for a population of about 2,200 and the 1950 census showed Grayling to have a 2,068 population. The design average flow was 240,000 gallons per day and the present average flow into the plant is 118,000 gallons with the maximum about 143,000 gallons.

Seven specific recommendations were made on the report for minor adjustments in the plant, all of which will be taken care of, City Manager Carlson said. "Implementation of these recommendations will undoubtedly increase the efficiency of treatment at this facility. No marked improvement in the outward appearance of the plant effluent should be expected, however. Only secondary treatment of some type will bring about appreciable clarification of the discharge from this plant."

City Manager Carlson pointed out that engineers estimates for the installation of equipment to clarify the effluent would be about \$70,000. The effluent as it now stands is completely clean and carries no odor, City Manager Carlson declared.

### Tot Injured When Struck By Car

Ricky, four-year-old son of the Carroll Goss of Grayling was injured Saturday afternoon when he ran into the side of a moving car on Cedar Street in front of his home.

The little boy apparently lost his balance while playing along the curb and took a few steps into the street, striking the side of a car driven by John Peterson of Maple Forest Township.

He suffered several head cuts and a mild concussion. He was taken to Mercy Hospital for treatment and was released Monday evening. City of Grayling Police investigated.

### CAMP BUILDING DIRECTORY

Bldg. 618, Cafeteria, Breakfast 6:00 - 8:00; Bldg. 620, Lunch 11:30 - 1:30; Bldg. 622, Dinner, 6:00-8:00. Bldg. 624, Open 6:00 a. m. until 1:00 p. m. as snack bar. Bldg. 626, Headquarters, AMAD. A. Press, First Aid, Dark Room, NFAA Registration, Michigan Bow Hunters, Telephones, Western Union, NFAA Souvenirs. Bldg. 628, Register here for Housing - tents, camping, trailer, blanket rental, Boone & Crockett, Post Office - Bank, Tuscarora Indians, Grayling Bowhunters, Chamber of Commerce, Signs & Display Material, Apache Trailer - to be given away.

Bldg. 616, Den of Vice, Andy Palmer's "Great Guns", Refreshments.

SHOPLAY BLDGS. OPEN 8:00 a. m. to 11:00 p. m.

The public is invited to inspect all of the above displays.

### Golf Club News

The Grayling Club hosted the Houghton Lake golfers, Sunday, and proceeded to win the match, 29 - 19 1/2.

At a drawing held Sunday afternoon, Jack Rasmussen was the lucky winner of a 1958 Chevrolet.

Stag Day at West Branch the team of Lloyd Gierke, Grover Carlson, Charles Gierke and Phil Paynter finished second, barely losing the trophy the club held last year.

Next Sunday, July 27, is the return match with Gaylord.

### NOTICE

The local Red Cross Chapter has a problem. Mrs. Leo Jorgenson, secretary, has had several requests recently by transients for aid financially and otherwise. The local chapter does not have sufficient funds to help these people. If the funds were to be used in this manner there would not be enough money to assist local families which is the purpose of the fund. She requests that whoever has been sending these people to her would please not do so as help cannot be given them through the local chapter.

### World Record Moose Head To Be Shown

Kelth Clements is pictured above with a world's record moose shot with bow and arrow on an archery hunt. This head will be but one of over thirty world record heads of various animals bagged with bow and arrow which will be put on exhibit by the Grayling Bowhunters during the National Field Archery tournament opening at Camp Grayling next week. The showing will be held in Building 628 at the Camp and the public is cordially invited to come out and look them over.

### Postal Rates To Go Up On August 1st

Postmaster James Post of Grayling and Letha Leng of Frederic said today they expect plenty of stamps and postal cards to be on hand for sale August 1, to meet new postage rates which become effective then.

The postmasters explained that the Post Office Department has been issuing new stamps, stamped envelopes and postal cards to post offices for several weeks in anticipation of the new rate changes.

Large additional supplies of the regular 4c stamp, bearing the likeness of Abraham Lincoln, are being received to meet the new first-class letter rate of 4c an ounce. In addition, issues of special stamps and commemorative stamps will be available at the two post offices in 4c denominations.

A new "Champion of Liberty" stamp, honoring Simon Bolivar, the late great South American liberator, will be on sale at the County post offices on July 25, in 4c and 8c denominations. (The 8c stamp is used in international mail.)

Adequate supplies also are expected in other stamps, cards and envelopes, including new 7c air mail stamps, replacing the 6c air mail stamps; 3c postal cards replacing the 2c cards; 5c air mail postal cards replacing the 4c air mail postal cards; and 4c and 7c stamped envelopes to be used in place of 3c and 6c stamped envelopes.

"Picture" post cards will require 3c stamps for surface transportation and 5c stamps for air transportation. Ample supplies of 4c and 5c stamps are expected to meet anticipated demand for these stamps.

Old supplies of 3c and 6c stamps and 4c and 7c postal cards and 3c and 6c envelopes may be used after August 1, by adding an ordinary penny stamp to these.

### Kelsey's Move Into Second Place

Millikin's Take Sole Lead In Crawford County Softball League

By John D. Schofield

With two more wins last week Millikin Construction outlasted Smiggins and gained sole ownership of first place in the Crawford County Softball League. Kelsey, also by virtue of two wins last week, moved into a second place tie with Smiggins Chevrolet, with a split last week, slipped to fourth, but still only two games out of first. The rest of the league remained the same, with Bear Archery, DeCaires, and Aulsebrook Souvenir placed in that order.

Monday night saw Millikin Construction in their second win of the season over Bear Archery. The score was 5 - 1, with Millikin springing up with five runs in the fifth inning on five hits. Hank Feldhauser and Oscar Homing Jr. led the victors with two hits each.

In the first game on Tuesday Kelsey nipped Aulsebrook by a score of 7 - 6 in a game that was close all the way. The winning run was finally scored in the last of the seventh as Lake of Kelsey doubled with two aboard. Lake had three for five for Kelsey, all doubles. Tom Peterson, Fredrick catcher, was tops in the losing cause with two hits.

In the night-cap, Chevrolet avenged an earlier defeat by downing Smiggins by an 11 - 3 margin. Paul Johnson and John Schofield each posted four for five for Chevy, with Schofield picking up his third and fourth homers of the season. Duane Worden had a pair of singles for Smiggins. Smiggins led up until the third inning.

Kelsey racked up their second win of the week as they racked DeCaires 9 - 2 behind the one hit pitching of strikeout artist Leon DeLong. DeLong this time sent back 11 batters via the strikeout route. His no hitter was spoiled by a long triple by big Bernie Fowler in the last inning. Tom Cherven and V. DeLong both had two hits for Roscommon.

With a barrage of 19 hits off three pitchers, Millikin Construction trounced Chevrolet by a score of 21 to 3 in one of the worst defeats on the local diamond this year. The hit total establishes a record for one team in a single game. Winning pitcher Bob Gildner and Bob Hoving had four hits each and Don Millikin and Jerry Walker three each. Gildner

### Top Most Experts In Country To Vie In Friendly Competition

This 13th National will see perhaps the greatest array of shooting stars ever to assemble on the same field course rounds. The topmost experts in our country, men and women, boys and girls, will all be here to vie in friendly competition for the honors which accompany a National sports champion.

Among those whom we know will be present are: Erwin Ketzler of Flint, Michigan, a former five times National Instinctive Champion and still a dangerous adversary. Reuben Powell of Chula Vista, California, also a five time National Champion, will compete. Rube still holds the record for the highest free-style (using a bow sight) score, shot in 1955. He will be trying to regain his crown here, as well he may.

Of course, last year's free-style champion, Robert Rhode of Minneapolis, will be fighting every inch of the way to protect his title. Another top shooting ace from California, Joe Fries, promises to be present.

### Archery Hats

The Souvenir hats in all colors complete with a feather and a button welcoming the archers which you have seen - wearing - about town are for sale at many local stores through the Grayling Business Association.

The Robin Hood styled creations should make a good welcome to the visiting archery group. Every one is urged to get one and to wear it.

ises to give Rohde and Powell a rough time. Joe recently ousted Rube to win the California State Championship. Still another California ace who will be here is Les Speaks of Anaheim, National Instinctive Champion in 1956. Yet another noted Californian, who will be with us as an interested spectator rather than as a contestant, is Erwin Fletcher. Erwin was the first of the National Field Archery Champions, winning his title at Allegan, Michigan in 1946. He afterwards took the big title two more times and retired from National competition undefeated.

Jay Peak of Charleston, Pennsylvania will be back to defend the National instinctive title he won last year with a new high score of 2747. It is interesting to note in winning his crown, Jay, shooting instinctively, outscored all of the top free-style or sight shooters as well. Harold Doan of Adrian, Michigan will fly back from the World Championships, where Belgium just in time to take part in our tournament. Harold is also a former National Champion and an extremely cool and dangerous competitor. He won his young 19 year old team-mate, of the 1957 squad, Tim Cantwell of Kirkwood, Missouri, will accompany him here. O. K. Smathers of Brevard, North Carolina, winner of the World Championship, awarded Prague last year, will be another to watch. Other top shooters who definitely have a chance of coming through with the honors are, Jack White, Sylvester, Cleveland (Grayling Bowhunter), C. W. McGraw and George Wright, all of Michigan. Also, Gordon Lock of San Francisco, California, Bob Kadec of Rochester, Minnesota, Roy Dill of San Diego, California, Leo Baldwin of Wellesville, New York, Paul Jeffers of St. Albans, West Virginia, Gene Jones of El Collins, Colorado and Larry Walsh of Bremerton, Washington will be dangerous opponents.

Among the women, the following archeresses are sure to be in the running. First, Ann Marston of Wyandotte, Michigan, the young beauty who has been National Free-Style Champion three times and who is the present champion. Giving her a bad time will be Anya Davies of Hermosa Beach, California, Cleo Robinson of Samaria, Michigan, Lou Shing of Compton, California and last but far from least Ellen Wilson of Berrien Springs, Michigan.

The current women's Instinctive Champion, Merle Winner of Marlinton, West Virginia, will be best by such veteran shooters as Francis Lozon of Marine City, Michigan, Ann Corby of Bounton, New Jersey a member of the U. S. team to Belgium, and Jo McCubbins of Santa Ana, California, all three of whom are former National Champions.

In the Hunters Heavy Tackle Division, all eyes will be on Jim Palmer of Danville, New York and Esther Thompson of New Castle, Pennsylvania, who last year practically turned the Hunter's Division into a no contest by winning their respective titles by more than 200 points. Among the top intermediate and junior shooters here will be Ralph Helzerman, Jr., of Tecumseh, Michigan, Carol Hastic of Passaic, N. Jersey, Tom Rice of San Francisco, California, and John Gabriel, Jr., of Olean, New York, all National Champions in their divisions last year.

Yes, it's quite a field of stars. And the above names represent only a part of the top performers. There will most certainly be over 1500 registered shooters and very possibly over 2,000 taking part in what we all hope will be the largest national field archery contest ever held anywhere. On yes, and keep your eye on two of the Grayling Bowhunter's dark horses, Jo Monroe and Don Stough. They've been shooting some fine scores and just might pull an upset, who knows?

(See other stories and pictures on pages 4 and 5)

STUMP

On a stump puller, the past week I have been using it to pull stumps out of my yard. It is a very handy tool and I would recommend it to anyone who has a lot of stumps to pull.

For instance the head of a stump puller which I have been using to pull stumps out of my yard. It is a very handy tool and I would recommend it to anyone who has a lot of stumps to pull.

On the other hand, there came a time when the stump puller was not so handy. It was when I was trying to pull a stump out of my yard. It was a very handy tool and I would recommend it to anyone who has a lot of stumps to pull.

## Strong, Hopeful And Productive

Another school year has ended. And this year's graduates are finding the job market more competitive than the graduating classes of prior years.

But this shouldn't be a cause of undue gloom. For there are some compelling facts about our economy that aren't apparent in current headlines — and they are very real.

President Keith Funston of the New York Stock Exchange listed four of them during a speech he made at college commencement. First, our population is expected to increase by more than a third — 35 per cent — by 1975. Second, we now spend \$9 billion a year for research and development to create a steady flow of new products and new jobs that serve to create new markets and thus raise living standards. Third, over the long-run our job opportunities are constantly expanding — within the next two decades there will probably be 28 million more jobs than existed at the end of World War II. Fourth, average family purchasing power, after taxes, is at an all-time high of about \$5,700 and is expected to reach almost \$7,500 by 1975.

Mr. Funston then added a warning note. Over the years we have reduced the incentives that result in material progress, through archaic, punitive taxation and other ways. It is his belief that in the near future a needed change in this situation will come about. If so, the long-range American economy, to quote him, will most certainly be "strong, hopeful and productive."

## Killer Weeds . . .

The Newberry, South Carolina, Observer recently said: "Governments may come and governments may go, but red tape stays on forever."

What led to the newspaper's comment are delays which prevent the start of a nuclear-powered electric generating plant at Parr, S. C. Four private utility firms are ready to put up the money or cost of the unit.

taking and have complied with every requirement of the Atomic Energy Commission and the Joint Congressional Committee on Nuclear Power, but the project is bogged down in Washington.

Could it be that proponents of public power have applied the customary obstruction tactics to such private development of power — or is it, as the Observer said, "governmental red tape gumming up the works."

A plant grows in Death Valley, California, which is called the "killer weed". Its orange colored tentacles envelope another plant or bush and strangle it to death. Its effect on plant life corresponds to the results of bureaucratic red tape on our economic life.

## An Ad In the Paper . . .

One of the most valuable tools that has been used for combatting the current recession is the advertising power of home town and neighborhood newspapers. At the end of every production line stands the consumer and national prosperity is but the sum total of local prosperity. In thousands of communities all across the country because of editorial comment encouraging people to buy in their own neighborhood or in their own home town and as a result of newspaper advertising programs undertaken by local merchants, local retail sales, the pulsebeat of national prosperity, have been much encouraged.

An ad in the local paper has always been the mark of a successful business and the experience of recent months has only served to prove the point.

## Interesting Events In Grayling 23 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVALANCHE OF 23 YEARS AGO

July 25, 1935

James McDonnell, who has been filling in the temporary position of postmaster since the death of former Postmaster M. A. Bates, has been officially appointed as Mr. Bates' successor. Confirmation of appointment was made just recently.

The Edward E. Hartwick Pines park was officially dedicated in a solemn and dignified ceremony on Friday morning as part of Michigan's great park system. Dr. Claude R. Keyport acted as master of ceremonies. Governor Frank D. Fitzgerald gave the dedicatory address and P. J. Hoffmaster, director of conservation, unveiled the tablet which makes the park part and parcel of Michigan park system. Present at the dedication services were Mrs. Karen B. Hartwick, widow of the late Major Edward E. Hartwick, and James W. Hartwick, a brother of Edward E. Hartwick, and other relatives.

Last Saturday afternoon St. Mary's rectory was the scene of a pretty wedding ceremony when Miss Helga Jorgenson, daughter of Mrs. Rasmus Jorgenson, became the bride of Mr. Edward Mayotte, son of Mr. and Mrs. Henry Mayotte of Munising. The Rev. Fr. James Maloney read the ceremony at four o'clock before an improvised altar of ferns and lighted tapers. As the wedding party took their places Miss Ingeborg Hanson rendered the wedding march. Immediate relatives and a few friends were present. The groom, coming to Grayling

eight years ago, has been the efficient linotype operator at the Avalanche office during that time. The bride is the proprietor of the Betty Mae Beauty Shoppe, and both have hosts of friends who extend best wishes and congratulations.

Bill Joseph and Robert Herbison are home again after their vacation at Camp Daggett on Walloon Lake.

Edward Martin, son of Mr. and Mrs. Louis Martin, is ill at his home with an abscess. Tuesday he was taken to Mercy Hospital to have it lance.

The "top" in performance, the bottom in price, "Terraplane" \$484.00—Corwin Auto Sales. —Mr. and Mrs. Andrew Larson and daughters, Doris and Lois, returned to Caro last Friday after visiting for several days at the home of Mr. and Mrs. Earl Dawson.

Mr. and Mrs. Dewey Palmer entertained over the weekend Mr. Palmer's mother, Mrs. Charles Palmer, of Bay City, Mr. and Mrs. Oscar Deckrow and children of Flint, and Mr. and Mrs. Marion Burth and Harry Lungner of Bay City.

Bill Christenson is sporting a new Ford V-8 Deluxe Sedan, purchased

chased in Detroit. While away he visited at the home of William Schreiber at Dearborn and on his way home he visited at Flint, where he was the guest of Mr. and Mrs. Rufus Edmonds, Jr.

A family reunion of the Feldhauser family was held last Sunday at the home of Mrs. Henry Feldhauser. Mr. and Mrs. William Feldhauser of Ann Arbor drove up to be in attendance, completing a family group of thirty-eight. A picnic lunch was served and everyone had a very good time.

Mr. and Mrs. Bernard Sargent of West Branch were guests for a few days of Mr. and Mrs. H. W. Wolf at Lake Margrethe.

Mr. and Mrs. Albert Roberts entertained Mr. and Mrs. Robert Ebel and daughters Maxine and Elaine of Cleveland last week. The family were former residents.

Mr. and Mrs. Sigurd Johnson of Muskegon are spending their vacation here visiting the former's parents, Mr. and Mrs. Algot Johnson. Miss Agda Johnson is also home from Lansing for the week.

Arthur Karpus of Detroit accompanied by his wife visited old friends here during the last few days of the Homecoming. Art's many friends were glad to see him again. He is a graduate of Grayling High School and is remembered as an all-round athlete during his high school years and afterwards.

According to Murray D. Van-Wagoner, state highway commissioner, the federal government is about to spend \$72,000 in Crawford County in non-stud surf at treating U. S. Highway 27. It covers the entire highway within the county, 32 1/2 miles.

Word has been received from Arthur Howse of Maple Forest, from Devil's Lake, North Dakota. Mr. Howse, accompanied by his wife and daughter Joyce, and Mr. and Mrs. Arthur Howse, left last week on a sightseeing tour through Montana, Wyoming, Colorado, and the Dakotas, and according to Mr. Howse, they are having a wonderful time. Although the heat has been terrific in North Dakota, it is quite cool at night. They remark that they have seen vast tracts of grain and at this time of the year makes a very beautiful sight. They plan to be gone another month at least.

A nine-pound daughter, Anita Marie, arrived in the hands of the home of Mr. and Mrs. Floyd SanCartier (Dagmar Juhl). Mother and daughter are getting along nicely.

It was necessary for Natalie Peterson to have the thumb of her left hand dressed at Mercy Hospital last night. While whittling some sticks preparing for a marshmallow roast she whittled her thumb instead, cutting a long deep gash.

Alfred Hanson, Clarence Johnson, Orel Levan, Mr. and Mrs. Adolph Peterson and Mrs. Sam Rasmussen attended the 10th district meeting of the American Legion at Mio Monday. Alfred Hanson was unanimously elected 10th district committeeman, replacing Leslie Stonehouse of Bay City. This is the first time in the history of the local Post that a district officer has been selected from Grayling and Alfred is to be complimented for the honor conferred on him. The local delegation was able to secure the 10th district meeting for Grayling, and it will be in September.

Johnny Deckrow has been laying for a cub bear for a mascot for the Legion Drum and Bugle Corps and yesterday he finally captured the animal after laying for it from early morning. It is about three months old and cunning as the deuce.

A. L. Roberts, Jack Papendick and T. SanCartier drove to Cadillac Tuesday to purchase machinery for the flooring mill.

Mrs. Clair Smith and son Bobby left this week to visit relatives in Flint and Lansing. While in Lansing they will visit Mr. and Mrs. Wilbur Smith.

46 YEARS AGO

N. P. Olson is laying the foundation of a neat cottage on Ottawa Street, west of Peninsular Ave. Mrs. John Fischer celebrated her 83rd birthday July 22nd. The relatives surprised her with a small party and she enjoyed it very much.

Miss Laura London, who has been an efficient compositor in the Avalanche office for nearly a year, left on Saturday for Bay City, Flint and Detroit.

Mrs. Hugh Oaks was surprised last week Wednesday night by the ladies of Garfield Circle, who called to pay their farewell re-

spects as Mrs. Oaks and family will move to Flint next week. As a token of esteem they presented her with a cut glass olive dish. Also on Friday night the Lady Macabees held a reception for Mrs. Oaks and presented her with a manicure set.

Miss Emma Frederickson of Grayling has joined the forces of the Avalanche office, as compositor.

Norman Spencer and Harold Rasmussen are taking a few days vacation at the lake.

Carl Sorenson left last Wednesday for Detroit after spending a few weeks with his parents.

Mrs. E. G. Clark and daughters left Tuesday evening on an extended visit to Detroit, Oxford and other southern Michigan cities.

Anna Nielson is spending her vacation as the guest of Miss Holida Peterson, who will return with her Friday.

Clarence Brown left Monday afternoon for Bay City and from there his brother Otto will accompany him to Ann Arbor to have an operation on his knee.

Axel Peterson has been having a week's vacation from Sorenson's Cigar Store.

Mr. and Mrs. L. Fournier and son Arthur from Royal Oak came here Tuesday to spend the summer at Portage Lake. They are always welcome here to their many friends.

Mr. and Mrs. Klatt and son Leonard of Detroit have been camping at Portage Lake for the last two weeks. They are now the guests of Mrs. Klatt's mother, Mrs. Johanna Hanson.

Mrs. Eli Forbush of Frederic is visiting her daughter, Mrs. Wilbur, for a few days.

Miss Jennie Anderson left Monday afternoon for a vacation with her folks at Cadillac.

SEN. POTTER REPORTS . . .

From Washington

AN INVESTMENT in healthier, happier children was made last week when a Senate-House conference committee okayed \$12,000,000 for child welfare services. The item is part of the 1959 funds bill for the Department of Health, Education and Welfare. Another wise step: The committee earmarked \$4,000,000 for nurses' training.

Both of these measures I have earnestly supported in committee and on the floor. Recently, when the HEW money bill was being debated in the Senate, my amendment increased child welfare funds from \$11 to \$12 million. The conference committee, I am pleased to report, has retained that increase.

Michigan's share of the child welfare money, running in the neighborhood of \$400,000, will be spent to help homeless, neglected or disturbed boys and girls. Such money is well spent on our greatest resource — America's youth. By acting now to help these youngsters become constructive citizens, we save them from developing into expensive drains on the public treasury.

NEW ATTEMPTS to sidetrack precious water from Lake Michigan are underway. Twice President Eisenhower has vetoed measures to divert thousands of cubic feet of Lake water to the Illinois Waterway to be used in sewage disposal. Despite that, diversion bills are again receiving attention.

The U. S. Army Engineers predicted the lowest Lake Michigan water level since 1949 for the current year. If for no other reason, that should make diversion undesirable. But beyond that, it would harm commercial shipping and pleasure boating and hamper full operation of the St. Lawrence Seaway. The loss of even one inch of draft for shipping, I am told, would deprive the Great Lakes of two million tons of carrying capacity in one year.

FOREIGN AID packs a real economic wallop in every American community. Between January 1954 and June 1957, here's what it did to Michigan: 104 firms

located in 33 communities shared \$13,000,000 worth of foreign aid contracts, which provided 21,000 jobs in the State in 1957. These figures were called by the Foreign Policy Clearing House, which also claims that the lion's share of the aid-created jobs were in motor vehicles, engines, parts, industrial machinery, metalworking machinery and ordnance.

A CONSTITUENT'S letter arrived last week typewritten on paper with a bold but mystifying motto printed across the bottom: "BECOME POLITICALLY ACTIVE! WRITE YOUR CONGRESSMAN AND TELL HIM TO CUT IT OUT!"

Best wishes.

Veteran legislator, Senator Charles T. Prescott, of Prescott, Michigan, was honored by the Michigan United Conservation Clubs, when they met in convention at Sault Ste. Marie recently.

Senator Prescott was presented a plaque "for outstanding service as a public official to the cause of Conservation." The award was presented by Ray Voss, outdoor editor of the Grand Rapids Herald, on behalf of the sportsmen's club organization.

Other awards made at the convention included an award to Lee Smith, of the Michigan Consolidated Gas Company, to Ken Lowe, editor of the Marquette Mining Journal, and to the King Seely Corporation.

The annual awards are made by MUCC to further the interests of conservation on a state-wide basis. Senator Charles T. Prescott has been an outstanding figure in the cause of conservation ever since being elected to the legislature. He went there 12 years ago. He was named to the Conservation committee his first term. Only three other members of the Senate claim more seniority. He is 74 years old.

The Prescotts have been in the Prescott, Michigan area for three generations now. The Senator operated a livestock and real estate business in that area.

During his terms in the Senate he has also served on the Agriculture committee, Senate Business and Rules, and Municipalities committee. His chief concern has been Conservation, in all its phases. He said in a recent interview that "I have tried to keep in mind the overall picture on conservation, rather than little details." He added that he tried to look at the whole state when deciding on new laws, and not to just one small area.

He also fought for safety legislation on the waters of Michigan, the marking of boats and the important legislation on the submerged lands of Michigan.

"In these years," said the Senator, "I found that nothing is more controversial than Conservation. A man thinks, as he is affected, that he is not doing his own area only."

When asked what he thought good government was he said, "Good government is a service to the people, under a reasonable tax structure, wisely and efficiently administered."

He also fought for safety legislation on the waters of Michigan, the marking of boats and the important legislation on the submerged lands of Michigan.

"In these years," said the Senator, "I found that nothing is more controversial than Conservation. A man thinks, as he is affected, that he is not doing his own area only."

When asked what he thought good government was he said, "Good government is a service to the people, under a reasonable tax structure, wisely and efficiently administered."

From where I sit... by Joe Marsh

Curly "Em In

Well, we've had drive-in restaurants, drive-in movies, drive-in banks. Now a drive-in eger. It was inevitable.

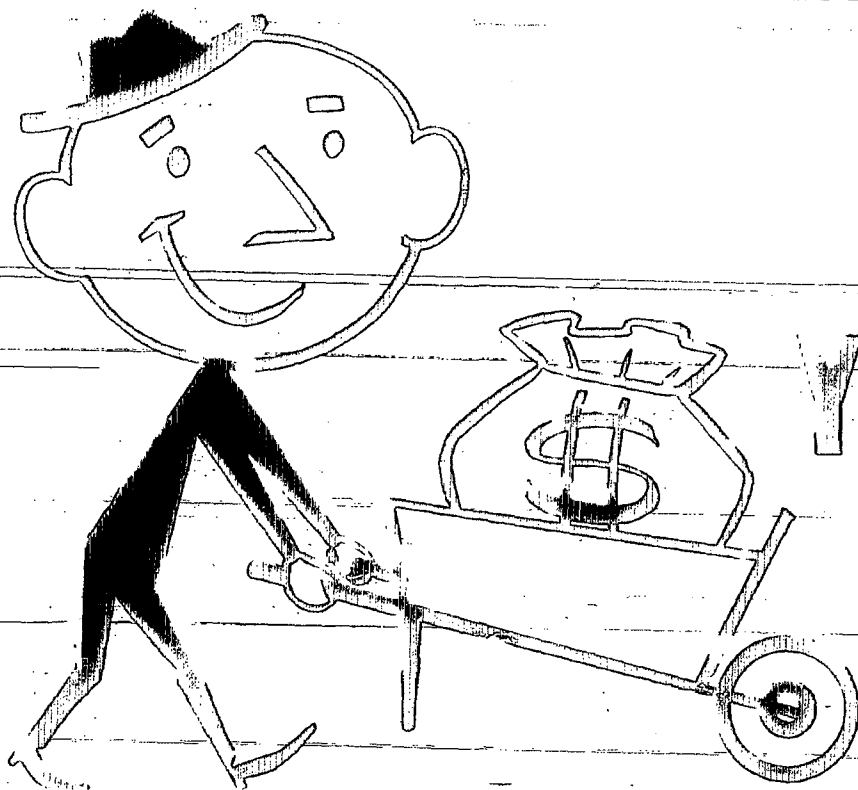

Curly Rice and his Missus have sold eggs retail at their place for some time. "But all that running back and forth," exclaims Mrs. Rice, "it fairly wore you out."

"So we set aside one room for the egg business. We enlarged a window about car height, and circled the driveway past it. It's efficient—but it cuts 'visiting' with customers and you know how I love to talk!"

From where I sit, I'll go along with Curly's wife—because there's nothing like good talk between good neighbors—especially when the conversation might like some elder to help the conversation along—I happen to prefer a glass of beer. As long as we agree on our right to disagree what does it matter?

Joe Marsh

## YOU DRAW DIVIDENDS

From every business enterprise  
in the community where you live

If some  
good neighbor  
with a popcorn stand  
was giving you  
part of his  
profits every day...

... you would probably give him ALL of your popcorn business ... you might even try to influence other neighbors to take up popcorn ... and to buy it at home.

Actually, you DO share in the profits of EVERY business in your home community, because a BIG PART of the gross margin on every local business transaction goes toward the support of things that benefit YOU and everyone else who lives here.

Such as schools, churches, roads and streets, fire and police protection, jobs for more people so that we can keep among us MORE good teachers and preachers and doctors and other skilled folks. And so we can have more stores that are better stocked for our convenience and for our EMERGENCY needs.

Because we don't get these benefits in cash, we sometimes forget that ALL home business is really OUR BUSINESS. And some of us even forget ... and trade somewhere else ... when OUR OWN PAYCHECK depends on keeping this community prosperous.

It Pays to Buy  
where you Live

These Grayling Business Establishments Are Genuinely Interested in the Future of This Community and in your Welfare - Trade At Home Where Your Money Benefits You!

# BITS O' TALK

Mr. and Mrs. Richard Klein and son Kent of Mt. Pleasant, and Mrs. Robert Klein, spent the weekend at the Klein farm in Fletcher. They also visited other relatives.

Mrs. Edward Anderson left on Tuesday morning for Detroit to visit her sister, Mr. and Mrs. Philip Shano, and her daughter, Miss Elizabeth, for some time.

The William Sorensons entertained former Grayling residents, Mr. and Mrs. Tom Whipple and son Tommy of Kalamazoo Sunday through Tuesday. A trip down the river Monday was part of the entertainment.

Mrs. H. W. Wolff of New York City arrived Friday to spend the month of August at her home on Lake Margrethe. Her daughter and husband, Mr. and Mrs. Halford Kittenman, came with her. Mrs. Wolff flew to Chicago to join the Kittenmans, who accompanied her here. Mr. Kittenman returned to Chicago Monday.

Mr. and Mrs. Donald Hodgins and family of Detroit are spending two weeks at the Hodgins cottage at Lakeview Park, Lake Margrethe, and visiting the former's sister and family, the Melvin Nielsens.

Crawford County Avalanche  
Thursday, July 24, 1958

E. A. Jones of the Detroit-Edison Company is spending some time on vacation at Shoppens, Inn, and enjoying the fishing.

Mr. and Mrs. Billy Kinkerton were in Lansing over the week end to attend the marriage of Miss Joyce Martin to Major Verel Case, and visiting friends.

Miss Lori Sue Siewert, infant daughter of Mr. and Mrs. Al Siewert, was baptized last Sunday at St. Francis Episcopal Mission at the 8:30 morning service. Sponsor, Miss Mary Jane Siewert, and Godparents, Mr. and Mrs. Siewert.

Mrs. William Jack Millikin and children spent a few days in Saginaw recently visiting her aunt and uncle, Mr. and Mrs. W. G. Brynning.

Mr. and Mrs. Jerry Walker, Mr. and Mrs. Monte Malonen and Kim, and Mr. and Mrs. William Jack Millikin and Sherry and Billy spent the weekend traveling along Lake Michigan. Little Steven Walker and Ricky Millikin stayed with the Jack Millikins.

Mr. and Mrs. George Labo of Miami, Fla., former summer residents, and Miss Dora Labo, of Rockwood, Mich., visited her brother, Mr. and Mrs. Earl Daw-

son, brother-in-law Lon Colleen, and her niece, Mrs. Lawrence Trudeau and Mrs. Robert Neafie and the Tom Douglas family from Thursday through Sunday. Mrs. Neafie accompanied them on a trip to the Soo and Blaney Park.

Mr. and Mrs. Herbert Feldhaus and children of Daytona, Fla., arrived Saturday to spend a couple of weeks on vacation. They are staying with Mrs. Feldhaus's parents, the Dave Moores, at Higgins Lake, and visiting friends and relatives around Grayling.

Mr. and Mrs. Kenneth Gothro and family of Lansing were in Grayling visiting friends and relatives last week from Wednesday through Sunday. They were accompanied by Mrs. Gothro's mother, Mrs. Ferguson.

Mr. and Mrs. Gilbert Dean, formerly of Frederic and now of Detroit, were Sunday guests of the E. J. Birdsalls. Mr. and Mrs. Harry Sipes of Higgins Lake were also Sunday guests.

Arthur Urmerski drove up Saturday from Detroit to pick up his wife, Mrs. Truman Marlett and Miss Helen Koepfer, who had been visiting Mrs. William Strope for a week.

Mr. and Mrs. Tim Strohauser of Alger, and daughter, Mrs. Warren Freshwater and her daughter of Detroit spent Monday with the Stan Flowers.

Mr. and Mrs. Steve Jennings and family of Hiram Park are at their Shaw Park home on the AuSable for three weeks.

## Do You Have A Room To Rent?

Every available motel, hotel and rooming house in Grayling is now filled up for the week of the big tournaments. Requests, however, are still coming in for rooms. The Grayling Bowhunters urge any persons who may have space to rent in their homes to contact us. Just call Bear Archery Company and ask for Jerry Burns. Thank you.

## World Record Hunting Trophies On Display

One of the largest and most unique attractions at this year's National is a magnificent display of mounted big game heads which have been taken by bowhunters in North America. Among the heads will be included that of the giant Alaskan moose pictured here. Also, such other game as Barren Ground, Woodland and Mountain caribou, mountain sheep and mountain goats, antelope, grizzly bear, elk, mule deer, blacktail deer, whitetail deer, etc. There will be over 30 trophy heads in the exhibit, each one a prize winner in the Boone & Crockett records.

The Bowhunter Boone & Crockett system of awards started from a recommendation of the National Field Archery Association in the early part of 1957. The idea was adopted and put into effect soon after. This means that the nation's bowhunters will now have recognition for all their American trophy animals taken with bow and arrow. The Boone & Crockett Club is a long standing organization of sportsmen who have established a system of measuring trophy animals and who award prizes for the finest specimens submitted to the Committee on Records. The competition covers the skulls, tusks, horns and pelts of North American big game animals.

The Club wishes to encourage the sportsmen in selective hunting. The hunter who will pass by a number of mediocre heads in his search for one of outstanding dimensions is doing more for conservation than he is ready to shoot the first animal he encounters. The awakened interest in outstanding examples of big game should arouse sportsmen to the importance of wise conservation policies. The magnificent animals inherited as a national wildlife asset by this generation should be given zealous protection by the sportsmen lest future generations inherit a wasted natural resource. As a means of fostering this interest, the Club sponsors these competitions and prize awards. The data secured from the heads and horns submitted into the archives as part of the file on game records and will continue and bring up to date the compilations published by the Club in previous volumes.

Permission was obtained from the Boone & Crockett Club to use their forms for scoring bowhunting trophies. The Hunting Activities Committee set up minimum requirements for bowhunters at about 25% under the minimums of the Boone & Crockett Club. This paves the way for more competition among the bowhunters, a group which by the very method they hunt cannot be as selective as a rifle hunter.

The bowhunter yearly competitions are open to any member of the National Field Archery Association. Animals must be taken under the rules of "fair chase" during the legal hunting season. After being officially registered and judged the winning entries are listed among the World Records for all time, and records will of course be changed and kept up to date after each year's competition.

The National Field Archery Association hopes by these competitions to encourage selective bowhunting and further establish the bowhunters among the conservation minded sports groups of the world.

Don't miss seeing this Boone & Crockett Display. The building number is listed in the accompanying directory. This of course is but one of many fine displays which can be seen by the public at no charge during the days of the tournament.

## \* CORRASABLE BOND

**Eaton's**  
Corrasable,  
magically  
erasable...

with a more slick of an ordinary pencil rubber!  
shows no smears, smudges, gouges!  
gets rid of typists' penmanship!  
made to renowned Eaton quality standards!

One of Eaton's  
Berkeley Typewriter Papers.  
A correct paper for every business need.

**Corrasable Bond**  
One of Eaton's  
Berkeley Typewriter Papers.  
A correct paper for every business need.

**Crawford County**  
**AVANCE**

Doc Holliday (Henry Cantrell) left foreground vigorously protests Judge Bean's (Bruce Hoskins) extreme left, decision involving Andy Fabian, second from right. At extreme right is C. Syd Squid (Bill Nicol). This will be but one of many, many funny things to find at the Den of Vice being held during the National Field Archery Tournament opening at Camp Grayling next week. See the gamblers at work shoring the innocent, dance hall girls as well as Judge Bean and his unlawful law enforcers.

## Scope Of The National

To plan and conduct an undertaking the size of a National Field Archery Tournament requires a good deal of cooperation from many people. In preparing for this 18th annual championship shoot, not only the Grayling Bowhunters but many of our local business men and women have coordinated their efforts and ideas toward a common end, that of making this tournament the biggest and best held anywhere. A few of the committee heads responsible for the necessary operations are as follows:

Commander in Chief, Karl Palmerton; President of National Field Archery Association, Chairman, Fred Bear; Assistant chairman, Bob Hayes; Range Engineer, Glenn Day; Housing, Bob Hayes, Jerry Burns and Julia Kroll; Food, Carol West; Finance, Glenn Day and Eric Post; Manufacturer's Display and Program, Chuck Kroll and Jerry Burns.

Entertainment, Chuck Piper; Entertainment for Non-Shooters, Bob Hayes; Transportation and Motor Pool, Bud Sorenson; Telephones and Telegraph, Chuck Piper; Branch Bank, Jack Alet; and Glenn Sawyer; Branch Post Office, Sam Colleen; Fireworks and Rockets, Herb Wolff; Signs, Chuck Kroll; Banquet, Bob Hayes and Roy Hoff; Press Relations, Bob Hayes, Gregg Smith and Chuck Kroll; Public Relations, Harshie Rotman and Gregg Smith; Pre-Tournament Publicity, Bob Smock; Chuck Kroll; Floyd Youngs and Howard Hatfield.

Score Board Erection and Operation, Harold Doan and Sol Solomon; Fire Prevention, Clarence Roberts; Labor Pool, Don Stough; Insurance, Chuck Piper; Film Projection, Chuck Kroll; NFAA Trophy Care, Sam Colleen; First Aid Service, Dr. B. E. Henig; Public Address System, Eric Post; Walkie-Talkie System, Eric Post; Special Score Board, Fred Bear; Children Supervision, Al Damsi; Parking and Traffic, Sheriff John Papendick and Howard Hatfield; Life Guard Duty, Explorer Scouts; Secretarial, Don Stough; National Guard Property, Larry States; Archer's Demonstration, Roy Hoff; Clean-up Details, Bob Hayes.

One can see from the above list that this event is indeed a community project. Yes, July 28 through August 1 will be busy and eventful days for a great many of us. We sincerely hope the other residents of Grayling and the surrounding area will demonstrate their interest and cooperation by coming out and joining the fun. Remember, there are no charges whatever for visitors or spectators.

## Den Of Vice

What should prove to be one of the more popular attractions at this year's National is a section of the Old West transplanted to Camp Grayling, complete with badmen, injuns, sheriffs, dance hall girls, gamblers, and just plain ornery varmints.

The Den of Vice, as this slice of life in the raw is named, was originated by the Lincoln Bowman of Lincoln Park, Michigan as a means of raising funds for their club. It proved to be so popular locally that they graciously agreed to bring the whole shooting match to the National. Among the famous characters you will rub elbows with here are Doc Holliday, Cheyenne, Lily Langtry, Marshall Matt Dillon, Gambler, Dog Kelly, Tubo Smith, and C. Syd Squid, the questionable lawyer. And we must not forget Judge Roy Bean, whose Hangtree District Court will represent the "Only Law West of the Range". All persons attending this tournament are warned that the heavy hand of the Marshal may at some time rest on their shoulders. A speedy and just (?) trial follows immediately and woe to the party who has no means to effect his release.

A bevy of lovely dance hall girls will be on hand to soothe any disgruntled archers and to listen sympathetically to all tales of woe and excuses as to why the scores for the day weren't better, how the target captain deliberately bent all of his arrows, etc. etc. Yes, the girls will be real friendly, particularly if you buy them a drink at the bar provided. No hard liquor or spirits will be sold. However, the soft drinks will be exotically blended and possessed of such lovely and haunting names as "Gates Ajar", "Old Hickup", "Fender Bender", "Three Stage Rocket", and the "Three Stage Rocket".

It will really be a great show, to which children under 60 are not admitted except by the back door. Come out with a smile. You will go home with it intact.

## Manufacturers To Display

Because of the fine facilities offered by the large buildings at Camp Grayling, there will be an unusually fine display of archery and other outdoor sports equipment. Over 40 manufacturers from all parts of the United States have reserved display space. We show the latest items in their respective lines. Every imaginable type of bow, arrows, leather goods, etc. will be on view. The Veggie Manufacturing Co. of Lapere, Michigan will show the latest thing in mobile camping trailers for hunters and fishermen. Other manufacturers who will have interesting and colorful displays are listed below. This is just one more reason why you don't want to miss attending the big shoots.

American Archery Co., Inc.; Anderson Archery Sales; Archery Magazine; Bear Archery Co., Ben Pearson, Inc.; Carlisle Leathercraft; Cory Arrow Straighteners; Darton Archery, Inc.; Fleetwood Archery Co.; Gordon Plastics Co.; Grimes Archery Co.; Henry A. Elzenburger; Hoyt Archery Co.; Indianhead Archery Mfg. Co.; J. A. Easton, Inc.; King Sports Ltd. Co.; Krohn's Archery Tackle Co.; Midwestern Engineering & Manufacturing Co.; Narco Conlon Co.; Orchard Industries, Inc.; R. Bohning Adhesives Co.; Robin Hood Archery Co.; Root Archery Co.; Sabre Archery Co.; Saunders Archery Target Co.; Sanders Archery Co.; Seattle Archery Inc.; Staghorn Archery Co.; Steiner's Archery Shop; Sweetland's Compressed Wood Products; "TAM" The Archer's Magazine; The National Bowhunter Magazine; United Archery Co.; W. A. Storer; Wilson Brothers; York Archery; Wing Archery Supplies; Wiley Sports Products.

**Graylingites**  
We are fortunate to have this National sporting event take place in our community. The entire area cannot help but benefit from such an influx of sports-minded people. Remember that this is your tournament. Everyone is urged to take part by attending. There will be a lot to see and do for those who are not archers. There will be no charge whatever for spectators, and non-archers will be as welcome at the various displays and entertainments as the participants. So come on out to Camp Grayling and join the fun.

## Home On The Range

For those of you who are not familiar with the sport of Field Archery, the following information may help to give you some idea of what to expect when visiting Camp Grayling next week.

Field Archery is the answer for those who like a wide variety of practice with the bow and arrow and an excellent form of sport to go along with it. An ideal sport for people of all ages, this form of archery is a wonderful recreation for family groups. Roving through the fields and hills and taking shots at unknown distances has always appealed to the sportsman who loves the bow and arrow. This thrill has been captured in the sport of Field Archery and official courses recognized by the National Field Archery Association are now used everywhere and will be in use at this tournament.

In shooting a National Championship, three types of rounds are shot over the same courses, but distances and target design are varied for each round. The first round shot is called the "Field Round". This is the original "standard" round for club or local shoots. The faces for this round have an inner white scoring circle centered with a black bullseye. and an outer black ring. In scoring, each archer shoots 4 arrows at each target. A hit in the bull or inner circle counts 3. A hit in the outer ring counts 2. Thus a score of 20 is possible on each target. Scoring areas of the targets vary from 6" to 24" in size and distances of shooting positions from the target vary from about 20 to 80 yards. Field courses are laid out in units of 14 targets, 28 arrows per unit, totaling a complete round. One complete round is shot in the morning and one in the afternoon, making a total of 56 targets for the total score.

After 56 field targets have been shot, the next round, called the "Hunter's Round" is started. Scoring faces for this round are all black with a small white aiming center, scoring areas of the targets again vary from 6" to 24". There are more shooting positions for each target in this round and distances to the target average a bit less than in the Field Round. Thus the scores are usually higher for the Hunter's Round. Again, 4 arrows are shot at each target and 20 is the perfect score for each.

A day's shooting of a 56-target total on the Hunter's Round is followed by a third and final round. This is called the "Broadhead Round" and is shot at life size animal target faces. It is a very popular round and one that of course appeals especially to hunters. Some of the animals pictured in full color on the targets are deer, bear, bighorn sheep, fox, bobcat, coyote, woodchuck, muskrat, and rabbit. Shooting distances vary from 4 yards up to about 60 yards. Scoring on this round is a bit different in that each archer shoots at a target to the he scores a hit, and then must stop. However, he has only three chances to do so on each target, and if a hit is not made with any one of the first three arrows he must score a "0" or "vital" scoring area and an outer area and scores are as follows: If a hit is made with the first arrow in the inner ring it scores 20, if hit in the outer ring scores 15. If the first arrow misses, a hit with the second arrow counts 15 or 10. If the third arrow has to be used it counts 10 or 5. There are minor details pertaining to yardage etc. which we have not gone into here, but the above explanation should be sufficient to enable a person watching archers shoot these rounds for the first time to understand just what is going on.

The Big Ben Money Shoot will be shot on a field range also, but in this case there will be little resemblance to a standard course. The Money Shoot Course is being laid out entirely in the open and because of the larger anticipated gallery of spectators a special course design has been worked out to facilitate watching without interfering with the contestants. Targets on this course will be similar to the black and white field faces but will be of special colors. Distances of shots, as on the standard field course, will be unknown to contestants but will be within the limits of 20 feet to 60 yards.

**Welcome To N. F. A. A. Tournament**

## Church Group To Supervise Children

The Mt. Hope Lutheran Women's Guild is sponsoring a complete staff of church workers to be on hand throughout the tournament to supervise the children of their own and other churches building with the tournament service. This is a new and complete bathroom, complete facilities close to the tournament grounds and a playground provided. The staff will be on hand for each ten of the tournament one year of age and over accepted.

Meals are \$2.00 per person including the shooting. The tournament will be the first of its kind complete with all the amenities more completely than any other tournament in the area which will be in the area. This service is being provided to everyone who is active participating in the tournament or not. So come on out to a most interesting time.
